

provided the Commission with proof of publication of the Notice of Filing. No protests or Petitions to Intervene were received.

The South Carolina Office of Regulatory Staff (ORS) conducted an impact study in response to the application of Minute Man. On April 22, 2008, the ORS filed its report and findings with the Commission. ORS advises that Minute Man has not had an increase in the Company's fuel surcharge since the Commission approved Minute Man an 8% fuel surcharge by Order No. 2005-529 on September 21, 2005. According to ORS, the average price of diesel fuel as of September 5, 2005, was 285.3 cents per gallon establishing the base price according to data for No. 2 diesel retail sales for the Lower Atlantic Region. As of March 31, 2008, the average price of diesel fuel was 394.1 cents per gallon, representing an increase of approximately 38.5%. Based upon its analysis, ORS advises that it supports Minute Man's request for an increase in the Company's fuel surcharge.

We have considered the application and the ORS impact study and have concluded that the proposed increase in the fuel surcharge from 8% to 12% to the Company's current tariff by Minute Man Movers, LLC is just and reasonable. Accordingly, the application of Minute Man Movers, LLC is approved as filed.
